SWIM LESSONS AT THE YMCA

The YMCA's Aquatics Program is part of our mission to help people develop character and a positive sense of self worth. Using the YMCA of the USA's National Swim Lesson Program we help children and adults learn to swim at their own pace.

*Showers are required before entering the pool. Hair must be up in a cap or tied up in a bun or braid.

ADULT LESSONS: We offer adult swim lessons for beginners, intermediate and advanced swimmers. It's never too late to start! Sign up today!

FEE: Adult swim lessons are \$21 with Family membership, \$75 for Individual membership.

ADVANCED BEGINNER: Advanced Beginner swim class will help you to build confidence and technique in the water. This class will be taught in both the small pool and the lap pool. This class is designed for teens or adults who can not swim proficiently yet, but have the basics of floating and can put their faces in the water.

ADULT BEGINNER: This beginner class is the perfect introduction to swimming. Participants will learn the front crawl in a welcoming environment along with others. The adult beginner class focuses on comfort in the water, rotary breathing, and basic skill development. As the class progresses other skills and basic strokes will be added. This class is taught by Anne V who is an experienced master's swimmer.

ADULT INTERMEDIATE: Adult intermediate will help you reach your goals of becoming a more proficient swimmer. Participants should be able to safely swim one lap in the big pool using freestyle and have a basic understanding of backstroke. In this class you will begin to learn the breaststroke as well as learn the stroke techniques that will allow you to swim more efficiently. This class is taught by Ben the Aquatics Director.

ADULT ADVANCED: Adult Advanced is designed for the proficient swimmers who can swim more than 100yds easily that may be training for triathlons or looking to improve on stroke efficiency, speed or become a stronger all-around swimmer. In addition to stroke technique you will learn how to spice up your workouts with drills, creative sets and new strokes. This class is taught by Ben the Aquatics Director.

WOMANS MASTERS SWIM PROGRAM: In this women's swim group, a volunteer coach will provide a workout at each session and provide feedback to improve technique. Participants should be able to swim at least 4 lengths of crawl stroke in the big pool without stopping and have basic ability to swim freestyle, back stroke, and breast stroke. This group is a free with no registration fee.
