**SWIM TEST POLICY:** A swim test is required for those ages 15 and under. Please see the lifeguard to take a swim test. If you do not pass the swim test, you must wear an orange bracelet. If you pass the swim test, you must wear a green bracelet. This helps the lifeguards identify swimmers and non-swimmers. **All children under 7 years must have a parent in the water with them and be within arm's reach at all times, even if they have passed the swim test.** Bracelets are given out at the front desk before entry to the pool. If you enter the pool without a bracelet, we will assume you are a non-swimmer. You must then take the swim test, or return to the front desk to receive your bracelet.
