SUMMER LEARNING OPPORTUNITIES

Students can lose one month’s worth of school learning each summer. With the Y, more than 1,300 children build confidence and grow as students in our summer camps by engaging in reading and STEM (science, technology, engineering, and math) activities. To ensure all families can afford this essential experience, the Y provides nearly $500,000 in financial assistance yearly.

HEALTHY AGING & DISABILITY SUPPORT

More than one in seven Mainers lives with a disability. That’s nearly 30% higher than the national average. Our Adaptive Services program is here to help. We improve the quality of life for people living with illness, injury, or disability. We empower all people to lead full and connected lives through individual coaching and group classes at no additional cost.
HELPING OUR NEWEST NEIGHBORS

The New American population in Maine is steadily growing. We are here to support our newest neighbors as they navigate their new communities, enter the workforce, and find the support they need to thrive in their new home. We do this by providing English classes, women’s-only swim lessons, early childhood education, trauma informed yoga classes, and more.

Last year, we provided $2.3 million in financial assistance and program support.

- 3% WATER SAFETY
- 3% HOUSING SUPPORT SERVICES
- 5% COMMUNITY OUTREACH & HEALTH PROGRAMS
- 11% BEFORE & AFTER SCHOOL CARE & LEADERSHIP DEVELOPMENT
- 14% CHILD CARE & EARLY CHILDHOOD EDUCATION
- 21% SUMMER CAMP
- 43% FAMILY WELL-BEING

Your support changes lives.
